

DHARAMPETH M. P. DEO MEMORIAL SCIENCE COLLEGE, NAGPUR

Number of departments having Research projects funded by government and non-government agencies during the year 2023-24

ANY ADDITIONAL INFORMATION

Although the funded research projects are not being executed by the college, however indigenous research projects are very much carried out by some of the departments. The college is providing seed money for implementation of these projects. And the output of these projects is very encouraging. There are three student centric research projects are implemented by the institute's departments namely, **Vermi-Composting** and **Fish Culturing** by Zoology department, **Floristic Biodiversity** by Botany department and **Online Portal** by Computer Science department. These student centric research projects are working on the campus. Vermi-composting is working project in the institute and research papers was also published in reputed UGC CARE-LISTED journal. The floristic studies include the study of angiosperm plants from nearby areas of the campus as well as the villages in which NSS camps are organized. The list of plants collected and studied with details are available with the Botany department.
