

**7.1.1: Measures initiated by the Institution for the promotion of gender equity during the year.**

Describe gender equity & sensitization in curricular and co-curricular activities, facilities for women on campus etc., within 200 words

**Specific Facilities Provided for Women**

**a. Safety and Security**

The institution prioritizes the safety of female students through several measures, including comprehensive CCTV surveillance across the campus and the establishment of an active anti-ragging cell. Emergency preparedness is ensured with strategically placed fire extinguishers, and dedicated statutory committees like the Women's Cell and Grievance Redressal are in place to address any concerns related to safety and harassment.

**b. Counselling**

To support the mental well-being of female students, the institution offers counseling services through trained professionals. These services provide a safe space for students to discuss personal and academic challenges, ensuring they receive the necessary support and guidance.

**c. Common Rooms**

A fully equipped common room for women is available on campus. This space serves as a comfortable area for relaxation, socialization, and informal gatherings, fostering a sense of community among female students.

**d. Day Care Centre for Young Children**

While a dedicated day care centre is not currently on-site, the institution is actively exploring partnerships with nearby crèches to provide accessible childcare facilities for working mothers, ensuring they can balance their academic and parental responsibilities.

**e. Any Other Relevant Information**

Additional initiatives include workshops on cybersecurity and personality development, promoting awareness and empowerment among female students. The institution also maintains a non-discriminatory admission policy, ensuring equal opportunities for all students regardless of gender.
